

Rebuttal to Argument In Favor of Measure ___

VOTE NO on Measure __. San Bernardino County voters already REJECTED this same ballot measure once before in 2020.

This Measure is a financial scam that will **defund** public safety services, **reduce** fire protection for our communities and **cost** your family thousands of dollars every year in higher homeowner insurance payments or increased monthly rents.

Here's why Firefighters, First Responders and Community Leaders OPPOSE Measure __.

DISHONEST: The authors of this ballot measure are LYING to you. Contrary to their false statements, our Fire Protection Fee was established by local voters to keep fire stations open.

EXTREME: Measure __ will slash Emergency Medical and Fire Protection Services by \$46.5 million -- resulting in the closure of numerous local fire stations. Mountain and desert communities as well as the cities of San Bernardino, Upland, Needles, and 29 Palms would be especially hard hit by this Measure's fire station closures.

COSTLY: Measure __ will raise your homeowners annual insurance costs by thousands of dollars. Many families will have their insurance coverage cancelled entirely. Renters will pay more for housing.

UNSAFE: By closing fire stations, Measure __ will significantly delay response times in medical emergencies -- putting the safety of you and your family at risk.

Who's really behind Measure __? The real beneficiaries are wealthy out-of-state residents who own large amounts of vacant land for future development and don't want to pay their fair share for fire protection.

Don't let out-of-town landowners jeopardize your fire and paramedic services to give themselves a tax break! Please join us in VOTING NO on Measure __
