

**ARGUMENT IN FAVOR OF MEASURE E
Rim of the World Unified School District**

Vote Yes on E for Locally Controlled Funding to Repair and Upgrade Our Rim Schools!

Rim of the World Unified School District places a priority on ensuring all our students receive a quality education. However, our schools were built over 50 years ago and are in dire need of repairs and upgrades so that they can serve our community well for decades to come.

High school science labs haven't been updated in 25 years. We need to modernize classrooms and science labs to meet today's academic standards, ensuring our students graduate with a strong foundation in science, math engineering and technology. Our students deserve to have the same educational opportunities as others in the region.

As temperatures rise, our classrooms are too hot to teach in. Old plumbing, heating, cooling and electrical systems are outdated, and ventilation systems are insufficient to ensure healthy, clean air for students and educators.

That's why we need Measure E.

All Money Raised Will Stay in Our Community for Our Students

- All funds would be controlled locally for our schools– the State cannot take one dime
- No funds can be used for administrators' salaries or pensions
- Independent citizens' oversight and mandatory annual audits ensure funds are spent as promised
- A detailed project list outlining the specific use of funds is required

Passing Measure E will make our schools eligible for matching state funds, which would otherwise go to other districts.

Vote Yes on E: Prepare Students for the 21st Century

- Repair or replace deteriorating roofs, plumbing, and electrical systems
- Update heating and cooling systems and remove asbestos and lead pipes
- Improve school safety and security systems
- Update classrooms and science labs to support education in science, math, engineering, arts, and other skilled trades

Join community leaders, teachers and parents and vote YES on E!
